

VETERINARY MEDICAL CENTER - Ophthalmology

Ophthalmology Top Priorities

You have the opportunity to support both education and research, as well as some of the priority needs for the Ophthalmology Service outlined below.

Sponsor Travel for Faculty, Residents, and Technicians - TOP PRIORITY

Sponsor travel for faculty, residents, and technicians for continuing education or to present research at conferences such as the American College of Veterinary Ophthalmology Conference.

Sponsor a Resident

Residency programs are usually over a 3-year period and provide intense learning opportunities. Sponsor a resident by assisting with the cost of textbooks, computer and statistical software, learning aids, and continuing education events. This gives our residents the opportunity to learn the latest information and to present the results of their research at national meetings and short courses.

The Dr. Milton Wyman Residency Fund in Veterinary Ophthalmology - 607487

The endowment was established in honor of Dr. Milton Wyman to help support a residency in Ophthalmology at the Ohio State College of Veterinary Medicine. Our goal is to fully fund this endowed residency, so we can consistently fund a second resident in the service.

Library Fund

Used every two years to provide current ophthalmology textbooks for our students, residents and interns.

There are more ways to make an impact.

One of our advancement team members would be happy to come up with a giving strategy tailored to fit your needs. For more information about how to give, please contact us at 614-688-8433 or CVMAdvancement@osu.edu.
