Registered Veterinary Technicians **Join the Ohio State Veterinary Medical Center Team!**

Professional Requirements

Individuals must be a graduate of an AVMA-approved Veterinary Technology program to be considered for an Registered Veterinary Technician (RVT) position. In addition, the Veterinary Medical Center (VMC) requires that all technicians be licensed and in good standing with the Ohio Veterinary Medical Licensing Board.

Please note: If you are a recent graduate who is eligible and waiting to take the VTNE, we encourage you to apply. We may hire you as a Veterinary Assistant and transition you to RVT once licensed. In this instance, you would still be eligible to receive the RVT signing bonus mentioned on our web page.

General Information

At The Ohio State University Veterinary Medical Center, we strive to provide the highest quality patient care and customer service. We achieve this as a team through collaborative efforts among staff, faculty clinicians and students, who make patient care their first priority. We have high standards for collegiality and professionalism within the VMC and College of Veterinary Medicine. Individuals who join the RVT team must be positive, motivated and passionate about our patient care and teaching missions. You must be team-oriented, willing to learn and a good communicator.

Physical requirements include standing for long periods of time, pushing / pulling / lifting to 50 pounds, exposure to animal dander and/or zoonotic diseases, exposure to needle sticks, hazardous chemicals, and/or biohazardous waste. Holidays may be required and will be based on a team rotation. A complete background check will be required for successful candidates.
